IF I WERE TOYOTA

I'd give GR86 buyers a bigger Toyota for family visits.

14 days to use in the first year.

It starts with a flight booking.

MUM

We land Friday.
Two big suitcases.

A GR86 fits your life in the UAE. Then you picture the airport pickup.

Suddenly you're shopping for an SUV.

THE FAMILY KEYS

14 days in a bigger Toyota.

Included with a GR86 in its first year.

01 Book the dates once your family books their flights.

02 Toyota confirms a car with room for everyone and their luggage.

03 Pick it up before they land. Bring it back when the visit's over.

I'd show buyers the booking terms before they sign.

Buy the coupé.
We'll make room.
